## **What You've Learned In So Far And Moving Forward! :)**

Now that you have the 'about section' of your 'about page' properly setup in Facebook and... you now fully understand how the complete Facebook funnel works, it's time to start creating some higher scores and awarded activity from Facebook's Algorithm System, formally called "EdgeRank" start cleaning and converting your list of friends from a "Tire-Kicking" list to an "Income Producing" (people who share) list.

## **Objectives For This Training...**

**Objective #1 - Achieving higher scores and more awarded activity...** from Facebook's Algorithm system (formally called EdgeRank). The average Facebook networker only gets 1% to 5% percent of the friends on their list to see their posts when posting in Facebook's newsfeed. Social Pro is going to help you increase that to as high as 40%.

**Accomplishing Objective #1** – Your Social Pro coach will go to work for you by using the size, power, and leverage of Social Pro to increase your algorithm scores. Your coach will accomplish this by getting some of our other coaches to give you 3 to 5 comments on everyone of the five (5) copyright pre-written posts you're about to download and post in the Facebook newsfeed as I've shown you in the video for this training.

**Objective #2 -**

This free training will also allow Social Pro to start the cleaning your Facebook friends list of any people who are not willing to share your educational content to become a leader. and transformation of your Facebook friends list r; is to immediately start posting

updates in Facebook of what you've learned after completing each video training. If done correctly, your posts will give your prospects the undeniable urge to find out how they can learn more from you by leaving comments, likes or actually taking the time to contact you.

**NOTE: If you need help...** go to our Social Pro Revolution Group at: <http://tiny.cc/SocialProRevolutionGroup> and TAG YOUR coach in a new group message saying; "I need help" Or... contact your coach using Skype.

## IMPORTANT NOTES WHEN POSTING!

**#1 – When Posting... TAG Your Coach , Me (Dave D. Williamson – The Founder), 5 to 10** of the people in your latest conversations (listed in your inbox) and then use the remainder of your available tags on **Your Friends** .

**#2 - MAKE SURE** to use **ALL** of **YOUR TAGS** and **MATCH** the **CORRECT post text swipe copy number** with the **CORRECT post photo copy number exactly** as I showed you in this training video so that your posts photo and text remain congruent with each other.

**#3 - MAKE SURE** to post **ALL FIVE** of your posts **one half hour apart** and... post them **ONLY ONCE!**

For your convenience, I've composed some very basic congruent pre-tested copy-written generic text with matching photos that you can post immediately to start getting some results. I've also included the times in which you should post them.

Feel free to alter the text part of your post to reflect your situation but, remember to keep your text congruent with your photo and vice-versa so that Facebook's EdgeRank System scores you high and awards you more activity.
